

The Melbourne Camera Club - Audio Visual Group eNews for April 2017.
Distributed to members and others interested in the Craft of Audio Visual
production.

AUDIO VISUAL GROUP - AVG

Wednesday evening April 19th 2017 – Linking Sound to ProShow AVs

The subject for April's AVG meeting is linking sound to your Audio Visual. The options for having one or more appended audio music tracks through to individual sound files linked to individual AV images and actions are to be explained and demonstrated.

News on our overseas AV exchanges and international competitions will also be reflected upon.

Report on MELBOURNE AND REGIONAL AV ENTHUSIASTS (M'RAVE) April AV DAY

The front page panorama banner images were all taken during the April 2nd AV DAY.

An explanation of **M'RAVE** .is a new descriptive acronym name to cover this type of event and participation of Audio Visual enthusiasts from Melbourne and regional Victoria.

The M'RAVE organising committee currently consists of:-

Phil Ryan – Member at the Doncaster Camera Club

Barbara Butler – Member & AVG 2ic at the Melbourne Camera Club

Jan Burt – Member at the Rosanna Photographic Society

Sue Rocco – Member at Melbourne and Caulfield Camera Clubs

John Spring – Member & AVG Coordinator at the Melbourne Camera Club

AV DAY held in the ground floor studio at the Melbourne Camera Club building. Attendance for Sundays morning instruction session was 24 and the afternoon mini-festival session recorded 25 attending. After deductions for out of pocket expenses a profit of \$95 was recorded and as with previous AV DAY events was donated to the Club for the facility and use of equipment.

Many thanks to Sue Rocco for the instructional presentation and demonstration workshop on the use of Audacity software for controlling sound and music for Audio-Visual Presentations. After lunch the afternoon session had six 'show & tell' AVs from those attending followed by a showing of seven International class exhibition AVs made by UK's Ian Bateman. These were very inspiring and provided a great talking point for us all.

The next AV DAY is not scheduled for other than around 'september-october'. The idea is that perhaps an outer Melbourne or regional Camera Club might like to host the next AV DAY. Please eMail your interest and potential venue and date to the organizing committee.

International 3-21 AV Challenge

(see www.challenge321.org)

The exhibition is for AVs with a maximum length of 3 mins 21 secs so you will see a number of very short, sharp sequences. With no set subject - the author is free to make us dshown ream, move us or tell us a story. The deadline for entering was the end of March 2017.

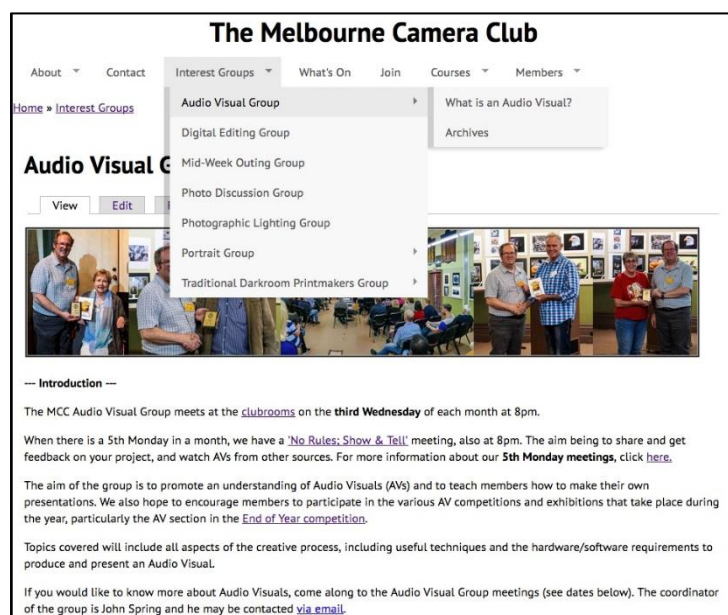

The organisers have advised there are over 100 entries from AV producers world wide. The final Gala presentation of the voted top AVs will not be available until July.

These will be shown at an afternoon Gala Day event Sunday July 16th 2017 at St.Peter's Church Hall corner Nerrim Road and Ames Avenue Murrumbena (MELWAYS: 68 K5).

Announcements will also appear in later eNews and the VAPS Newsbrief.

Audio Visual Group Webpage

by Robert Cutting

The screenshot shows the website for The Melbourne Camera Club. The main heading is "The Melbourne Camera Club". Below it is a navigation menu with links for "About", "Contact", "Interest Groups", "What's On", "Join", "Courses", and "Members". The "Interest Groups" dropdown menu is open, showing a list of groups: "Audio Visual Group", "Digital Editing Group", "Mid-Week Outing Group", "Photo Discussion Group", "Photographic Lighting Group", "Portrait Group", and "Traditional Darkroom Printmakers Group". The "Audio Visual Group" link is highlighted, and a sub-menu is visible with "What is an Audio Visual?" and "Archives". Below the menu is a photo of several people at a meeting. The main content area has a heading "Audio Visual C" and a sub-heading "Introduction". The text describes the group's meetings and aims.

Audio Visual C

View Edit

--- Introduction ---

The MCC Audio Visual Group meets at the [clubrooms](#) on the **third Wednesday** of each month at 8pm.

When there is a 5th Monday in a month, we have a 'No Rules: Show & Tell' meeting, also at 8pm. The aim being to share and get feedback on your project, and watch AVs from other sources. For more information about our **5th Monday meetings**, click [here](#).

The aim of the group is to promote an understanding of Audio Visuals (AVs) and to teach members how to make their own presentations. We also hope to encourage members to participate in the various AV competitions and exhibitions that take place during the year, particularly the AV section in the [End of Year competition](#).

Topics covered will include all aspects of the creative process, including useful techniques and the hardware/software requirements to produce and present an Audio Visual.

If you would like to know more about Audio Visuals, come along to the Audio Visual Group meetings (see dates below). The coordinator of the group is John Spring and he may be contacted [via email](#).

You may have noticed that our webpage on the MCC website has changed! You may also know that I have volunteered to maintain the AV Group webpage.

So far the "What's On" section of the MCC website has been updated, so that our meeting schedules now appear, as well as the "News" section of our page. Also a couple of new pages have been created; one for "Archives" where old articles and information can be stored and another one for the "What is an Audio Visual?" that previously occupied a significant part of our home page.

What I would really like to do next is to get some of your ideas as to what we could do with the webpage to make it more interesting and relevant to both current members of the group as well as prospective members.

I would be happy for you to email me with any thoughts you have at robjcut@fastmail.fm or alternatively to mcc-audiovisual@melbournphoto.org.au. Looking forward to your feedback

New Zealand's Tauranga 2017 AV Salon

Entries for the Tauranga Audio Visual Salon for 2017 open on April 1st and entries close on June 7th. See website: <http://taurangaphoto.org.nz/tga-av-salon>

Pictures to Exe Version 9 available

After much anticipation PTE 9 is now available. There are major improvements to this popular AV software. Details can be viewed at www.wnsoft.com.

VAPS AV Committee – discussion document on Interclub rule changes for 2018

The Discussion Paper is published in the 'documents -online resources' section of the VAPS Web Site. You have till June 30th to make an eMail submission via the VAPS Secretary to the AVC for stage 2 rule changes. See URL <http://www.vaps.org.au/downloadable-docs>

Results for International AV Showdown - Judged at the AVG February meeting

At the February 15th 2017 AVG meeting the audience judged 35 AVs from seven International AV clubs. This mammoth Judging event went far later into the evening than expected. Many thanks to all who stayed to the very late end. We did not judge our own entries.

The results have been compiled from all 8 clubs by Jeff Morris at the organising club 'AV Makers South Africa'. Our 8th place is disappointing but hopefully it will challenge us all to new AV highs.

Here are the results of the Showdown.

(use keyboard ctrl and click on to see results appear in your browser)

[Excel](#)

[By Title](#)

[By Group](#) (used to get group totals)

Congratulations to Staffs (Stafford) AV Group England who had the top club score. The winning AV was 'Sudursveit' by Howard Bagshaw - England.

News from PhotoDEX - New version 8 of Proshow GOLD & PRODUCER

The ProShow Blog Newsletter is worth subscribing to if you are a ProShow user – see the home page
<http://www.proshowblog.com/>

What's new in ProShow -

Producer 8 :- <http://kb.photodex.com/8136/whats-new-in-proshow-producer-8/>

Gold 8 :- <http://kb.photodex.com/8139/whats-new-in-proshow-gold-8/>

Costs of new ProShow version and Up-Grades to older licenses versions

If you have purchased Proshow Gold or Producer in the last 12 months you should be able to upgrade to version 8 (download) at no cost. However, if your Gold or Producer purchases are over 12 months old you must purchase a 12 months' maintenance UpGrade. MCC AVG members can obtain a 20% discount just eMail (JohnS) mcc-audiovisual@melbournephoto.org.au for the 'MCC AVG discount code' that you use in the purchase checkout. The discount also applies to new Proshow software purchases – renewed for 2017.

\$\$ UpGrades for existing licenses:-

A ProShow Gold user upgrade with 20% MCC AVG discount US\$36 (exchange Aus\$49)

A ProShow Producer user upgrade with 20% MCC AVG discount US\$72 (exchange Aus\$98)

NOTE if you need or want to install and run Gold and Producer licenses on one computer the 2 out of 3 registration details of NAME and PHONE must be the same otherwise there are running complications. Previously it was only necessary to install in separate program folders.

New Version of Audacity 2.1.2 - Audio Editor

URL: <http://www.audacityteam.org/> Audacity is a free, easy-to-use, multi-track audio editor and recorder for Windows, Mac OS X, GNU/Linux and other operating systems. You can use Audacity to:
